August 2023

Dear Franklin County Students, Families, and Community,

Welcome to a great new school year! This 2023-2024 Franklin County Public Schools Student/Parent Handbook highlights information about what we are doing to promote a safe school environment, provides a description of regular school routines, outlines a variety of policies to include the student code of conduct, and gives you an updated description about all the good things that we are doing to promote learning within FCPS. It also contains information specific to your child(ren)'s school(s) which can be found in the appropriate handbook supplement.

The FCPS Student/Parent Handbooks are designed to align with board policies and the student code of conduct in a way that promotes a consistent understanding about school safety and creates a positive atmosphere for teaching and learning. As you might know, during the previous school year, revised dress code and cell phone policies were implemented and the most up to date descriptions are included in the handbook. Please spend time with your child(ren) reviewing these and other policies prior to the first day of school.

It is important to note that although district and school handbooks are updated annually, policy adoptions and revisions may occur throughout the school year. We will utilize multiple methods of communicating any changes that might occur after the school year begins. It is our hope that everyone will remain informed by participating in school and district meetings, reviewing school newsletters, checking the district's website, following our social media pages, and/or calling the school or School Board office when you have questions.

Thank you for taking the time to review the information contained in these handbooks and for your willingness to be a partner with faculty and staff members in ensuring that our schools offer a safe and supportive environment that makes education a positive experience for each student. Please don't hesitate to reach out if you have questions about any of the described policies or procedures.

Sincerely,

Dr. Kevin W. Siers
Division Superintendent

STUDENTS' RIGHTS AND RESPONSIBILITIES

The State of Virginia, as provided for in Article VIII, of the Constitution of Virginia, has established and must maintain a public school system. Except as specifically provided for in relevant chapters of the Virginia Code, all residents of the division, between the ages of five and twenty are entitled to attend the public schools without charge.

Along with the right to an education, each student has two responsibilities:

1. To apply himself/herself to the best of his/her ability to gain maximum benefit from the educational opportunities guaranteed to citizens, and
2. To act in such a way as not to interfere with rights of others to the same opportunity

Reasonable and necessary order in the educational institution itself is essential to the fostering and maintaining of educational opportunity. All students have the right to an environment that is safe, drug-free, and conducive to learning. A student may forfeit his/her right to educational opportunities when his/her conduct is such that it substantially disrupts the educational process and deprives others of their rights.

Equal educational opportunities shall be available for all students, without regard to sex, race, color, national origin, gender, ethnicity, religion, disability, ancestry, or marital or parental status. Educational programs shall be designed to meet the varying needs of all students.

No student, on the basis of sex or gender, shall be denied equal access to programs, activities, services or benefits or be limited in the exercise of any right, privilege, or advantage or be denied equal access to educational and extracurricular programs and activities.

PARENTAL RESPONSIBILITIES

Excerpted from the *Code of Virginia (1950)*, as amended

DEFINITION OF PARENTS (Section 22.1.1)

"Parent" or "parents" means any parent or guardian, legal custodian, or other person having control or charge of a child.

Section 22.1-279.3 Parental responsibility and involvement requirements:

- A. Each parent of a student enrolled in a public school has a duty to assist the school in enforcing the standards of student conduct and attendance in order that education may be conducted in an atmosphere free of disruption and threat to persons or property, and supportive of individual rights.
- B. A school board shall provide opportunities for parental and community involvement in every school in the school division.
- C. Within one calendar month of the opening of school, each school board shall, simultaneously with any other materials customarily distributed at that time, send to the parents of each enrolled student (i) a notice of the requirements of this section and (ii) a copy of the school board's standards of student conduct. These materials shall include a notice to the parents that by signing the statement of receipt, parents shall not be deemed to waive, but to expressly reserve, their rights protected by the constitutions or laws of the United States or the Commonwealth, and that a parent shall have the right to express disagreement with a school's or school division's policies or decisions. Each parent of a student shall sign and return to the school in which the student is enrolled a statement

acknowledging the receipt of the school board's standards of student conduct and the notice of the requirements of this section. Each school shall maintain records of such signed statements.

- D. The school principal may request the student's parent to meet with the principal or his/ her designee to review the school board's standards of student conduct and the parent's responsibility to participate with the school in disciplining the student and maintaining order, and to discuss improvement of the child's behavior and educational progress.
- E. In accordance with Section 22.1-277 and the guidelines required by Section 22.1-278, the school principal may notify the parents of any student who violates a school board policy when such violation could result in the student's suspension, whether or not the school administration has imposed such disciplinary action. The notice shall state (i) the date and particulars of the violation; (ii) the obligation of the parent to take actions to assist the school in improving the student's behavior; and (iii) that, if the student is suspended, the parent may be required to accompany the student to meet with school officials.
- F. No suspended student shall be admitted to the regular school program until such student and his parent have met with school officials to discuss improvement of the student's behavior, unless the school principal or his designee determines that readmission, without parent conference, is appropriate for the student.
- G. Upon the failure of a parent to comply with the provisions of this section, the school board may, by petition to the juvenile and domestic relations court, proceed against such parent for willful and unreasonable refusal to participate in efforts to improve the student's behavior, as follows:
 - 1. If the court finds that the parent has willfully and unreasonably failed to meet, pursuant to a request of the principal as set forth in subsection D of this section, to review the school board's standards of student conduct and the parent's responsibility to assist the school in disciplining the student and maintaining order, and to discuss improvement of the child's behavior and educational progress, it may order the parent to so meet; or
 - 2. If the court finds that the parent has willfully and unreasonably failed to accompany a suspended student to meet with school officials pursuant to subsection F, or upon the student's receiving a second suspension or being expelled, it may order (i) the student or his parent to participate in such programs or such treatment as the court deems appropriate to improve the student's behavior or (ii) the student or his parent to be subject to such conditions and limitations as the court deems appropriate for the supervision, care, and rehabilitation of the student or his parent. In addition, the court may order the parent to pay a civil penalty not to exceed \$500.
- H. The civil penalties established pursuant to this section shall be enforceable in the juvenile and domestic relations court in which the student's school is located and shall be paid into a fund maintained by the appropriate local governing body to support programs or treatments designed to improve the behavior of students as described in subdivision 3 of subsection G. Upon the failure to pay the civil penalties imposed by this section, the attorney for the appropriate county, city, or town shall enforce the collection of such civil penalties.
- I. All references in this section to the juvenile and domestic relations court shall be also deemed to mean any successor in interest of such court.

GUIDELINES FOR THE STANDARDS OF STUDENT CONDUCT

STATEMENT OF PURPOSE AND INTENT

The development, implementation, and enforcement of the student conduct policy are intended to ensure a safe, non-disruptive environment for effective teaching and learning.

Standards of student conduct are designed to protect the health, safety and welfare of students.

The primary objectives of the standards of student conduct are

1. to provide standards and guidelines for student behavior;
2. to assist the student in becoming a responsible, productive, and self-disciplined citizen;
3. to maintain a safe and orderly environment in the classroom and all other areas of the school.

Elementary Schools

The primary goal of any disciplinary policy for elementary schools is to provide a safe and orderly learning environment for the students. The manner in which children conduct themselves daily directly affects their morale, self-confidence and achievement. Regulations established to guide good conduct will aid a student's social, emotional and academic growth.

Seldom will infractions of law take place on an elementary campus, but in the unlikely event that such should occur, identical measures that take place at the secondary level, including notification of parents and legal authorities will follow. A thorough investigation by the building principal, as well as compliance with a student's right to due process, will occur.

Each elementary school will establish a conduct code based on the principles of assertive discipline. Although each school will establish certain specific interpretations, the general principles of assertive discipline will be used by every school. Those principles are as follows:

- Each school will adopt a set of school rules and consequent action to follow if a rule is broken.
- The rules will be clearly stated in a positive way to encourage the desired behavior.
- The disciplinary actions to follow will be presented in a step format expanding in severity of punishment with each step. The frequency of a student's misbehavior will determine the consequent action.

Secondary Schools

It is the policy of the Franklin County School Board that the discipline and control of students shall be the responsibility of the teachers, guidance personnel and principals of the respective schools. The supervision and control of students should be maintained during the entire period of time that they are in school, during school activities, on the school grounds before and after school, on the way to and from school on school buses, and at school sponsored activities.

The first objective in working with student problems is to attempt to solve as many problems as possible through conferences with students. Most problems of a less serious nature can be worked out through counseling and soliciting student cooperation to correct problems and to improve behavior.

In the event of problems of a serious nature or repetition of less serious problems, parents or guardians will be contacted in person or by letter to apprise them of problems in which the student has been involved and to solicit their cooperation and assistance in working with the student.

APPLICATION OF POLICY

Standards of student conduct apply to all students under the jurisdiction of a school board.

Disciplinary action will be determined based on the facts of each incident in the reasonable discretion of the school board and other appropriate school officials.

Pupils may be suspended or expelled from attendance at school for sufficient cause; however, in no case may sufficient cause for suspension include only instances of truancy.

Students are subject to corrective disciplinary action for misconduct that occurs:

1. in school or on school property
2. on a school vehicle
3. while participating in or attending any school sponsored activity or trip
4. on the way to and from school, and
5. off school property, when the acts lead to
 - an adjudication of delinquency or a conviction for an offense listed in § 16.1-305.1. of the Code of Virginia (unlawful purchase, possession or use of a weapon; homicide; felonious assault and bodily wounding; criminal sexual assault; manufacture, sale, gift, distribution or possession of Schedule I or II controlled substances or marijuana; arson and related crimes; and burglary and related offenses; criminal street gang activity or recruitment for such activity), or
 - a charge that would be a felony if committed by an adult.

DISCIPLINARY ACTION: CRITERIA, PROCEDURES, AND PROCESSES

Removal of a Student from Class

Teachers shall have the initial authority to remove a student from a class for disruptive behavior that interrupts or obstructs the learning environment, using the following criteria:

1. The removal of the student is necessary to restore a learning environment free from interruptions or obstructions caused by the student's behavior.
2. The removal of the student occurs only after teacher or administrative interventions have failed to end the disruptive behavior. However, nothing shall preclude the immediate removal of a student for behavior that might warrant suspension from school.
3. The removal of a student is an appropriate response to student behavior that is a violation of the rules of conduct.
4. Written notice of the student's behavior and removal from class is given to the parent by the teacher.

Requirements for Behavior Reports

No removal under this policy shall occur unless a minimum of two prior written incident reports, discipline referral reports, etc., have been filed with school administrators. Parents must be notified of each report and given the opportunity to meet with the teacher and administrator. Such notice and documentation shall be required for each incident. Upon removal, the teacher shall file a "Student Removal Form" with school administrators and any other documentation to support the removal including, but not limited to, the previous two (2) behavior reports.

Procedures for Written Notification of Student and Parents

- The teacher shall submit the Student Removal Form, along with all required and pertinent documentation (i.e. notes, telephone calls, conferences, etc.), to the administrator.
- The administrator shall notify the parent(s) and give them the opportunity to meet with the teacher and administrator. This meeting is held to inform the parent(s) of the action taken.
- Documentation must be maintained of parental notification and action taken.

Guidelines for Alternative Assignment and Instruction of Removed Students

The administrator shall determine the appropriate placement of the student, who has been removed from a class. The administrator has several options regarding the placement of a removed student, including, but not limited to the suggestions below.

Some suggestions are as follows:

- Assign the student to an alternative program.
- Assign the student to another class either temporarily or permanently.
- Send the student to the administrator's office or study hall. If the administrator chooses this option, the teacher shall provide and evaluate appropriate make-up work for the student.
- Suspend or expel the student. If the administrator chooses this option, alternative instruction and assignment, if any, shall be provided according to School Board policy and, in the case of students with disabilities, in accordance with federal law.
- Return the student to class (see procedures below).

Procedures for the Student's Return to Class

The administrator shall determine, after consultation with the teacher, the duration of the student's removal from class. The administrator shall notify the teacher of the decision to return the student to class. The following procedure shall apply if the teacher disagrees with the administrator's decision to return a student to class.

- The teacher and administrator shall discuss the teacher's objection to returning the student to class and the administrator's reason for returning the student.
- The teacher, after meeting with the administrator, may appeal the administrator's decision to a panel of three (3) selected from a pool of teachers, counselors, and administrators. This panel will make a recommendation to the superintendent whose decision is final.
- The Superintendent's decision shall be made within five (5) working days of the teacher's appeal. During the appeal process, the student shall not be returned to class and the administrator will determine an appropriate placement for the student. The Student Removal Form, along with supporting documentation, must accompany the appeal request.

If the decision is made to return the student to class, the teacher and administrator and/or child study committee shall develop a plan to address future disruptive behavior.

Short-Term Suspension

A student may be suspended out-of-school for violations of the Code of Conduct. For out-of school suspensions of 10 days or less, the school administrator shall inform the student of the specific violation and provide the student with opportunities to respond to the charges. The student may present the student's version of what occurred. When the school suspends a student, the school shall

1. notify the student of the right to appeal;
2. make a reasonable effort to notify the student's parent of the suspension, inform the parent that a copy of the rules governing suspensions and the procedures for appeal are being sent home with the student, and make arrangements for the student's return home; and
3. send written notification to the parent informing the parent of the suspension, of its reason, the length of the suspension, the right to appeal, the student's right to return to school, and any conditions for that return.

Refer to *Violation of Suspension* for additional information.

Short-Term Suspension Appeal and Review

Upon suspension of any pupil, the principal, assistant principal, or teacher responsible for such suspension shall report the facts of the case in writing to the division superintendent or his designee (appeals officer) and the parent of the pupil suspended. The division superintendent or his designee (appeals officer) shall review forthwith the action taken by the principal, assistant principal, or teacher upon a petition for such review by any party in interest and confirm or disapprove such action based on an examination of the record of the pupil's behavior. The decision of the division superintendent or his designee (appeals officer) shall be final.

Long-Term Suspension

A student may be suspended for more than 10 days following a disciplinary hearing. For certain offenses, a student may be suspended for the remainder of the semester or the school year. The school administration may determine that transfer to another school serves the best interest of the student and the school. The school board may confirm or disapprove the suspension of a student. When a student is placed on long-term suspension, written notice of the suspension shall be sent in accordance with state law.

Long-Term Suspension Appeals and Review

On the request by a parent or guardian, the suspension of a student is subject to review by the superintendent, and on further request by a parent or guardian the suspension is subject to review by the school board.

In any case in which a parent or guardian requests review of a suspension by the school board, the board shall review the appeal within thirty days. The board's decision will be reached after consideration of all relevant information, including written or oral statements that the parent or guardian may wish to present. All information relevant to the review will be presented in an executive session of the school board, which, at the option of the parent or guardian, may be attended by the student, parent or guardian and their appointed representative. The board's action to sustain or modify the action of suspension shall be taken in public session without public identification of the student involved and promptly shall be communicated in writing to the parent or guardian.

Violation of Suspension

While a student is under suspension, he/she is denied access to the school premises except with the permission of the principal. If a student under suspension is found on the school premises without the permission of the principal, he/she shall be referred to the juvenile court authorities or shall be deemed a trespasser and prosecuted as such.

Any student who is suspended and who is also enrolled in a vocational school shall be deemed suspended from the vocational school. A student enrolled in a work cooperative program who is suspended also may be restricted from employment during the period of suspension.

Other Disciplinary Consequences

A school board may allow a student who has been suspended to complete academic assignments during the period of suspension in accordance with conditions established by the school board. School board policy may provide for ongoing consequences after a student returns to school following suspension or expulsion including, but not limited to, probationary status requiring satisfactory performance and conduct, limitations of privileges, community service, or restitution.

Students who have been suspended for alcohol, drugs, tobacco, sexual offenses, weapons, fights resulting in a ten-day suspension, or disrespectful and/or disruptive behaviors that result in more than ten cumulative days of Out-of-School Suspension will not be allowed to participate in or attend extra-curricular activities including, but not limited to, Homecoming, Prom, athletic contests, club meetings, pep rallies, talent show, parking on campus, senior trip, senior banquet, etc.

Expulsion

A student may be expelled only by action of the school board based on the recommendation of the principal and the superintendent. In the case of a recommendation for expulsion by the principal, the superintendent or his designee shall conduct a review of the recommendation. The review shall take into account the following factors:

1. The nature and seriousness of the violation
2. The degree of danger to the school community
3. The student's disciplinary history, including the seriousness and number of previous infractions
4. The appropriateness and availability of an alternative education placement or program
5. The student's age and grade level
6. The results of any mental health, substance abuse, or special education assessments
7. The student's attendance and academic records
8. Such other matters as deemed to be appropriate.

If the superintendent/designee upholds the recommendation, a hearing shall be held before the school board. When a student is expelled, written notice of the expulsion shall be sent in accordance with state law. The superintendent or his designee shall establish a schedule by which pupils who have been expelled may apply and reapply for readmission to school.

No decision to expel a student shall be reversed on the grounds that the above factors were not considered. Nothing in this subsection precludes the School Board from considering any of the factors listed above as "special circumstances" for purposes of expulsions discussed in the following subsections.

Expulsion for Weapons-Related Offense

Any student determined to be in possession of or to have brought any prohibited weapon onto school property or to a school-sponsored activity shall be expelled for a period of not less than one year (365 days). However, the school board may determine, based on the facts of a particular case, that special circumstances exist and another disciplinary action or term of expulsion is appropriate. The division superintendent may conduct a review in such cases to determine whether a disciplinary action other than expulsion is appropriate, and recommend that action to the school board for final determination.

Expulsion for Drug-Related Offense

Any student determined to have distributed or manufactured a controlled substance including anabolic steroids or prescription drugs, an imitation controlled drug, or other prohibited substance on school property or at a school-sponsored activity shall be expelled for a period of not less than one year. However, the school board may determine, based on the facts of a particular case, that special circumstances exist and another disciplinary action or term of expulsion is appropriate. The division superintendent may conduct a review in such cases to determine whether a disciplinary action other than expulsion is appropriate, and recommend that action to the school board for final determination.

Admission of Students Suspended or Expelled from Another School Division

A student who has been expelled or suspended for more than 30 days from attendance at school by a school board or a private school, or for whom admission has been withdrawn by a private school, may be excluded from attendance for no more than one calendar year in the case of expulsion or withdrawal of admission, and in the case of suspension of more than 30 days, for no longer than the duration of such suspension. The school shall provide written notice to the student and his or her parent of the reasons for such possible exclusion and of the right to a hearing conducted by the division superintendent. The student may not attend school until a review of the case is conducted by the division superintendent. Exclusion shall be imposed upon a finding that the student presents a danger to the other students or staff members of the school.

division. The decision to exclude the student shall be final unless altered by the school board after timely written petition. Upon the expiration of the exclusion, the student may petition the division superintendent for admission.

Corporal Punishment

The superintendent shall see that all employees of the school board are aware of the *Code of Virginia*, Section 22.1-279.1, Corporal punishment prohibited. Employees will also be informed that the board demands compliance with both the word and intent of the law.

The definition of corporal punishment specifically excludes the use of incidental, minor or reasonable physical contact or other actions designed to maintain order and control as permitted by law.

Academic Punishment

Academic punishment, which is defined as reducing credit previously earned, shall not be used. A student's academic grade shall be based solely on his/her achievement. Other types of discipline, rather than an arbitrary reduction in credit earned, should be employed when punishment is necessary.

This statement should not be interpreted to preclude a student's average grade being lowered by his/her failure to do assigned work. A student cannot be given credit for work not done, such as may occur when he/she fails to do assigned work or when he/she had an unexcused absence from class resulting in his/her not having the privilege of making up missed work. The teacher will not penalize the student beyond the period of the unexcused absence.

Group Punishment

The use of group punishment in the school division is not endorsed by the board and its use is strongly discouraged.

CONSIDERATIONS FOR DISCIPLINING STUDENTS WITH DISABILITIES

The due process procedures for student suspension and expulsions, as specified in Section 22.1-277 of the *Code of Virginia*, 1940, as amended, apply to students with disabilities. There are however additional procedural projections that must be met when a local school division disciplines a student with disabilities. The specific procedural projections are applicable whenever a local school division is contemplating or proposing a long-term suspension or expulsion. The procedural requirements must be followed prior to the imposition of a long-term suspension or expulsion. Further, the procedural protections, outlined as follows, apply to a student with disabilities regardless of the level of special education and related services the student receives (consultation to residential).

Section 504, which mandates nondiscrimination on the basis of disability in all programs and activities receiving federal financial assistance, applies to any individual who qualifies as a handicapped person. Handicapped person is defined as:

- has a physical or mental impairment which substantially limits one or more major live activities, or
- has a record of such an impairment, or
- is regarded as having an impairment.

Short-term Suspension

A short-term suspension is when a student is removed from class or school for ten (10) days or less. It does not constitute a change in placement. The child is subject to normal disciplinary

procedures whether or not there is a casual connection between the child's disability and misconduct.

Series of Short-term Suspensions

While a long-term suspension is defined as "greater than ten (10) consecutive days," there are circumstances when a series of short-term suspensions, after review, can be aggregated to indicate a long-term suspension.

A series of suspensions, which aggregates to more than ten (10) days, may be considered a significant change in placement requiring reevaluation and procedural protections. Factors to consider in determining whether aggregate suspensions of greater than ten (10) days are long-term suspensions include length of each suspension, proximity of suspensions, and total amount of days suspended.

In addition, the similarity of the misconduct triggering the suspensions could also be considered as a factor in determining whether the aggregate suspensions of greater than ten (10) days are a long-term suspension.

Further, a series of suspensions, upon review, may also suggest to the local school division that some aspect of the student's educational program is not meeting the student's needs. In such instances, the individualized education program (IEP) committee would be responsible for reviewing and revising the IEP, as necessary.

In such instances, the ten (10) days suspension clock starts over again once the placement of a student with disabilities, who previously has been suspended for misconduct, has been changed through the appropriate procedures for reviewing and revising the student's IEP.

Long-term Suspension (Greater Than Ten (10) Days and Expulsion)

When a student is removed from class or school for more than ten (10) consecutive days, a determination must be made as to whether or not there is a direct causal relationship between the child's disability and the misconduct. This determination must be made pursuant to the change in placement procedures by a committee of the following composition:

- a representative of the local school division, other than the child's teacher, qualified to provide or supervise the provision of special education,
- the child's teacher,
- one or both of the child's parents,
- the child, if appropriate,
- persons knowledgeable about the child, the meaning of the evaluation data, and the placement procedures, and
- other individuals, at the discretion of the parents or the local school division.

Dangerous Students With A Disability

LEAs may not unilaterally change the placement of a student with dangerous behavior when the misconduct is caused by the disability. LEAs, however, may use normal disciplinary measures for a child who exhibits dangerous behavior to include, for example, timeouts or suspension up to ten (10) days. An LEA may only impose an expulsion or long-term suspension on a student with a disability whose misconduct has been determined to be caused by his disability by obtaining an injunction, based on dangerousness of the student, from a court of competent jurisdiction.

Additional alternative methods of dealing with a dangerous student with disabilities may include the following:

- impose normal disciplinary measures (use of timeout, detention, restriction of privileges, and study carrels)
- Obtain the agreement of the student's parents to an alternative or interim placement

- Obtain a court order to institute a change in placement, upon a showing that the maintenance of the student's current placement is substantially likely to result in injury to the student or others.

Drug-Related Offenses

Individuals who are "currently engaging in the illegal use of drugs" are excluded from the definition of an individual with handicaps. This exclusion has resulted because the Americans with Disability Act amended Section 504 to so exclude them.

Further, a school division is authorized to take disciplinary action against students with disabilities for the use or possession of illegal drugs or alcohol to the same extent of nondisabled students and without the due process protection of section 504, as long as the school division can show the students are currently using such substances. This results from the amendment of Section 504 by the ADA.

Procedural Safeguards

Parents of students with disabilities must be fully informed of their procedural rights, including the right to appeal either the determination of whether or not there is a casual connection between the student's disability and the misconduct and/or the determination of the appropriateness of the placement at the time of the misconduct.

Child's Status During Proceedings

During the pendency of any administrative hearing or appeal or during the pendency of any judicial proceeding regarding these regulations, unless the LEA and parent agree otherwise, the child must remain in his current educational placement. While the placement may not be changed, this does not preclude using normal procedures for dealing with children who are endangering themselves and others. Such procedures do not include expulsion or suspension over ten (10) days; however, the procedures may include timeout, detention, restriction of privileges, or temporary suspension up to ten (10) days.

QUESTIONING / INVESTIGATION / ARRESTS

Police Questioning/Interviewing

A student, physically in school, may not be interviewed/questioned by police or any person not affiliated with the school without the knowledge of school officials.

Any questioning/interviewing must be done in private with an official school representative present. The building principal will make contact with the parent/guardian as soon as possible.

The principal and/or a designated representative shall maintain information derived from the questioning in strictest confidence unless law enforcement procedures shall require otherwise.

A student may not be released to the custody of persons other than a parent or legal guardian, unless placed under arrest by legal authority. If a student is removed from the school by legal authority, parents shall be notified of this action by school officials as soon as possible.

School Questioning/Interviewing

When a student is questioned by school officials or staff members for the purpose of investigation, be it relative to his/her conduct or an attempt to gather information, he/she shall have the right to be accompanied by a teacher, counselor or parent during the questioning, if he/she so desires.

SEARCH AND SEIZURE

A search involves an invasion of privacy. Whether a search of a student is permissible depends on a balancing of the student's right to privacy and freedom from unreasonable search and seizure against the school division's responsibility to protect the health, safety, and welfare of all persons in the school community and to carry out its educational mission. To maintain order and discipline in the schools and to protect the health, safety and welfare of students and school personnel, school authorities may search a student, student belongings, student lockers or student automobiles under the circumstances outlined below and may seize any illegal, unauthorized, or contraband materials discovered in the search.

As used in this policy, the term "unauthorized" means any item dangerous to the health or safety of students or school personnel, or disruptive of any lawful function, mission or process of the school, or any item described as unauthorized in school rules available beforehand to the student.

The locations at which searches of students and student property may be conducted are not limited to the school building or school property, but may be conducted wherever the student is involved in a school-sponsored function.

Personal Searches

A student's person and/or personal effects (e.g. purse, book bag, etc.) may be searched by a school officials whenever the official has reasonable suspicion to believe that the student has violated or is about to violate the law or a school rule and that the search will yield evidence of the violation.

All individual searches of students must be based on reasonable suspicion. In order to be permissible, the search must be justified at its inception and reasonably related in scope to the circumstances justifying the search.

An individual search is justified at its inception when a school official has reasonable grounds, based on the totality of the known circumstances, for suspecting that the search will reveal evidence that the student has violated or is violating either the law or the rules of the school. A search is reasonable in scope when it is reasonably related to the objectives of the search and is not excessively intrusive in light of the age and sex of the student and the nature of the suspected infraction.

A personal search may include requiring a student to be scanned with a metal detector.

A pat down search of a student may only be conducted if a school administrator has established a high level of reasonable suspicion that evidence will be found to corroborate suspicion that a law or school rule has been broken. If a pat down search of a student's person is conducted, it will be conducted in private by a school official of the same sex and with an adult witness of the same sex present.

Strip searches involve an extreme intrusion into the rights of a student and may be conducted only when an extremely serious situation exists, requiring immediate action because of an imminent threat of death or great bodily injury to a person or persons. If a strip search is necessary the school official should contact the appropriate law enforcement official, and the search should be conducted by a sworn law enforcement officer of the same sex, in the presence of a same sex adult witness.

School officials may only conduct a strip search in cases where it is necessary to avoid the imminent threat of death or great bodily injury to the student or another person. If a strip search must be conducted by a school official, it must be by a same sex official with a same sex adult witness, and the school official must have the prior approval of the superintendent or his designee, unless the health or safety of the student is endangered by the delay.

Locker and Desk Searches

Student lockers and desks are school property and remain at all times under the control of the school; however, students are expected to assume full responsibility for the security of their lockers and are responsible for the content of their assigned locker at all times. Periodic general inspections of lockers and desks may be conducted by school authorities for any reason at any time without notice, without student consent, and without a search warrant.

Automobile Searches

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains authority to conduct routine patrols of student parking lots and inspections of the exteriors of student automobiles on school property. The interiors of student vehicles may be inspected whenever a school official has reasonable suspicion to believe that the student has violated or is about to violate the law or a school rule and that the search will yield evidence of the violation, or that illegal or unauthorized materials or other evidence of illegal or otherwise prohibited activities are contained inside the automobile. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

Computer Searches

School computers, software and internet access are school property. Students are only authorized to use school computers and other similar educational technology consistent with the educational mission of the school and in accordance with Policy IIBEA (Acceptable Computer System Use). School officials may search school computers, software and internet access records at any time for any reason and without student consent.

Consent Searches

If a student gives a school official consent for a search the school official does not need to demonstrate reasonable suspicion. A student's consent is only valid if given willingly and with knowledge of the meaning of consent. Students should be told of their right to refuse to be searched, and students must not perceive themselves at risk of punishment for refusing to grant permission for the search.

Seizure of Illegal Materials

If a properly conducted search yields illegal or contraband materials, such findings shall be turned over to proper legal authorities for ultimate disposition.

Instructional Materials

Parents may inspect, on request, any instructional material used as part of their student's curriculum.

Franklin County School Board ensures parental notification of any instructional material that

includes sexually explicit content.

Franklin County School Board provides nonexplicit instructional material and related academic activities to any student whose parent requests that the student be provided with such instructional material and/or activities.

The superintendent is responsible for creating, implementing, and periodically updating procedures for implementing this policy. Those procedures will include

- a process for identifying instructional materials, including supplementary materials, with sexually explicit content;
- a process by which principals will provide written notice to parents at least 30 days prior to the use of any instructional materials with sexually explicit content, that (a) specifically identifies the instructional materials with sexually explicit content, (b) informs parents of their right to review such instructional materials, and (c) informs parents of their right to have their child use, upon request, in a non-punitive manner, alternative instructional materials that do not include sexually explicit content;
- a process by which parents may change their decision with respect to the use of alternative instructional materials by providing written notice;
- a process for maintaining a current list of instructional materials with sexually explicit content by grade and subject matter on the division's website; and
- a process for online access for parental review of instructional materials that include sexually explicit content unless such review is not technically feasible or is prohibited by copyright protection. The process shall include provisions requiring schools to have instructional materials including sexually explicit content available for review by parents.

Library Book check out notification

Franklin County Public Schools provides an optional email notification system for the library. Parents/Guardians are able to opt-in to receive email notifications of books that are checked out of the library by your child. Notifications will be sent to the primary email address on file. If the email address needs to be changed, please contact the school or provide the updated email on the online form. Notifications will be sent at 5:00 p.m., only on the days when your child checks out books.

LAWS REGARDING THE PROSECUTION OF JUVENILES AS ADULTS

The following information has been developed by the Office of the Attorney General regarding the prosecution of juveniles as adults:

Section 22.1-279.4 of the *Code of Virginia* states:

School boards shall provide information developed by the office of the Attorney General to students regarding laws governing the prosecution of juveniles as adults for the commission of certain crimes. Methods of providing such information may include, but not be limited to, public announcements in the schools, written notification to parents, publication in the student conduct manual, and inclusion in those materials distributed to parents pursuant to § 22.1-279.3.

The following information in question and answer format provides the notice required by this section of the *Code*.

Who is a juvenile?

Section 16.1-228 of the *Code of Virginia* defines a juvenile as “a person less than 18 years of age.” Section 16.1-269.1 of the *Code* permits juveniles, 14 years of age or older at the time of an alleged offense, to be prosecuted as adults for specific crimes under certain circumstances. This process is called a transfer to the appropriate circuit court for trial as an adult.

How is the age of the juvenile calculated?

Section 16.1-241 of the *Code of Virginia* provides that for the purpose of transferring a juvenile to circuit court for trial as an adult, the child must have been age 14 or older at the time of the offense.

Under what circumstances does the law permit the transfer of juveniles for trial as adults?

The *Code of Virginia* permits the transfer of juveniles for trial as adults under three specific circumstances. Following is a description of each circumstance and the procedure that is followed in order to determine whether the student is transferred to circuit court.

Circumstance #1

A transfer can occur when a juvenile, who is age 14 or older at the time of the offense, is charged with a crime which would be a felony if committed by an adult (§ 16.1-269.1 A. of the *Code of Virginia*). Offenses are either felonies or misdemeanors. Those offenses that are punishable by confinement in a state correctional facility or death are felonies; all other offenses are misdemeanors. Felonies are classified for the purposes of punishment and sentencing into six classes. The authorized punishments for conviction of a felony are as follows:

- Class 1 felony – death if the person convicted was 18 years of age or older at the time of the offense and is not determined to be mentally retarded and a fine of not more than \$100,000. If the person was under 18 years of age at the time of the offense or is determined to be mentally retarded, the punishment shall be imprisonment for life or imprisonment for life and a fine of not more than \$100,000.
- Class 2 felony – imprisonment for life or for any term not less than twenty years or imprisonment for life or for any term not less than twenty years and a fine of not more than \$100,000.
- Class 3 felony – a term of imprisonment of not less than five years nor more than twenty years or a term of imprisonment of not less than five years nor more than twenty years and a fine of not more than \$100,000.
- Class 4 felony – a term of imprisonment of not less than two years nor more than ten years or a term of imprisonment of not less than two years nor more than ten years and a fine of not more than \$100,000.
- Class 5 felony – a term of imprisonment of not less than one year nor more than ten years, or in the discretion of the jury or the court trying the case without a jury, confinement in jail for not more than twelve months and a fine of not more than \$2,500, either or both.
- Class 6 felony – a term of imprisonment of not less than one year nor more than five years, or in the discretion of the jury or the court trying the case without a jury, confinement in jail for not more than twelve months and a fine of not more than \$2,500, either or both.

(§§ 18.2-9 and 18.2-10 of the *Code of Virginia*)

In this circumstance, the Commonwealth’s Attorney’s office makes a formal request to the judge of the juvenile court for the juvenile to be transferred to the circuit court. The juvenile court holds a transfer hearing and may retain jurisdiction or transfer the juvenile to the appropriate circuit court for criminal proceedings. Any transfer to the circuit court is subject to the following conditions: (1) notice; (2) probable cause to believe that the juvenile committed the alleged delinquent act or a

lesser included delinquent act; (3) the juvenile is competent to stand trial; and, (4) the juvenile is not a proper person to remain within the jurisdiction of the juvenile court.

The decision regarding whether the juvenile is not a proper person to remain within the jurisdiction of the juvenile court is based upon, but not limited to, the following factors:

- The juvenile's age
- The seriousness and number of alleged offenses
- Whether the juvenile can be retained in the juvenile justice system long enough for effective treatment and rehabilitation
- The appropriateness and availability of the services and dispositional alternatives in both the criminal justice and juvenile justice systems needed by the juvenile
- The record and previous history of the juvenile in the jurisdiction where the alleged crime occurred or in other jurisdictions
- Whether the juvenile has escaped from a juvenile correctional entity in the past
- The extent, if any, of the juvenile's degree of mental retardation or mental illness
- The juvenile's school record and education
- The juvenile's mental and emotional maturity
- The juvenile's physical condition and maturity

Circumstance #2

A transfer can occur when a juvenile 14 years of age or older is charged with an offense which would be a felony if committed by an adult. (§ 16.1-269.1 C of the *Code of Virginia*)

In this circumstance, transfer is requested at the discretion of the Commonwealth's Attorney. If the Commonwealth's Attorney wishes to transfer the juvenile for trial as an adult, the juvenile court holds a preliminary hearing to determine whether there is probable cause to believe the juvenile committed the alleged delinquent act. Upon a finding of probable cause, the juvenile is transferred for prosecution as an adult. (§16.1-269.1 C of the *Code of Virginia*)

Circumstance #3

A transfer occurs when a juvenile 14 years of age or older at the time of the alleged offense is charged with capital murder, first or second degree murder, lynching or aggravated malicious wounding. (§ 16.1-269.1 B of the *Code of Virginia*)

Transfer under this circumstance is automatic. Whenever a juvenile 14 years of age or older is charged with capital murder, first or second degree murder, lynching or aggravated malicious wounding, he or she must be tried as an adult. The juvenile court holds a preliminary hearing to determine whether there is probable cause to believe the juvenile committed the alleged delinquent act. Upon a finding of probable cause, the juvenile is transferred for prosecution as an adult. (§ 16.1-269.1 B of the *Code of Virginia*)

If a juvenile is transferred for prosecution as an adult on one offense, what happens if he or she has also been charged with other offenses?

If any one charge is transferred, all other charges of delinquency arising out of the same act will be transferred. (§ 16.1-269.6 of the *Code of Virginia*)

Does the transfer impact subsequent alleged criminal offenses?

Yes. Once a juvenile is convicted of a crime as an adult in circuit court, all subsequent alleged criminal offenses of whatever nature, will be treated as adult offenses and no transfer hearing will be required. (§ 16.1-269.6 of the *Code of Virginia*)

What happens when an adult is sentenced for a crime he or she committed as a juvenile?

When the juvenile court sentences an adult who has committed, before attaining the age of 18, an offense which would be a crime if committed by an adult, the court may impose a penalty up to a maximum of 12 months in jail and/or a fine up to \$2,500. (§ 16.1-284 of the *Code of Virginia*)

What can happen if a juvenile is tried as an adult?

There are significant differences between a juvenile being tried as a juvenile and a juvenile being tried in the circuit court as an adult. In the juvenile system, a juvenile is given added protections because of his or her youth. First, records pertaining to the charge and adjudication of delinquency are confidential and may not be available to the public unless the crime was a felony. Second, if the adjudication is for a misdemeanor, the juvenile court record is expunged when the juvenile reaches the age of majority and is considered an adult. Third, a juvenile who is adjudicated delinquent remains in the juvenile system where a judge has discretion in the determination of the punishment or consequences to be imposed. In the juvenile system, the emphasis is on treatment and education.

In contrast, if a juvenile is prosecuted as an adult the issues and information related to the charge and the conviction of a crime are part of the public record. Because the information becomes an adult criminal record, it is not expunged when the juvenile reaches the age of 18. Additionally, the judge does not have the same discretion in sentencing. The judge in circuit court must impose at least the mandatory minimum sentence that is prescribed in sentencing guidelines. The circuit court does have the discretionary power to commit the juvenile to the juvenile system even if prosecuted as an adult.

APPEALS AND APPEAL PROCEDURES

An appeal is a formal request for reconsideration of an action taken against or punishment imposed on a student by an administrator. A student or his/her parents or guardian has the right to initiate an appeal. All appeals must be placed in writing within five (5) school days of the action taken or the punishment imposed upon which the appeal is based.

Students shall have the right to appeal most administrative decisions/actions taken against them by school administrators to the next highest authority, with steps reaching to the School Board (see below).

- Step 1: building administrator or assistant administrator
- Step 2: associate principal (if applicable)
- Step 3: campus principal
- Step 4: appeals officer (final step for suspension of 10 days or less)
- Step 5: assistant superintendent/superintendent
- Step 6: school board

FEES, FINES, AND MEAL CHARGES

The following regulation (JN-R) was approved by the Franklin County School Board in August 2013 to organize and set guidelines for student fees, fines, and charges.

Generally

Only those fees and charges permitted by law or the regulations of the Board of Education may be required of students. The School Board, upon recommendation of the superintendent, may take action against a pupil or pupil's parent for any actual loss, breakage, or destruction of, or failure to return property owned by or under the control of the School Board. Such action may include seeking reimbursement from a pupil or pupil's parent for any such loss, breakage, or destruction of or failure to return school property.

Students participating in extra- and/or co-curricular activities may have associated expenses, such as an activity fee, camp fees, uniforms, etc. Unpaid fees will result in the student being ineligible to participate in games, meets, or other extra events. Activity fees will not be refunded if the student discontinues their participation, or when the student is removed from the team or activity for disciplinary reasons. The administration reserves the right to review and make a determination of any individual situation.

The teacher, coach or sponsor will file debt obligations with the school bookkeeper. Any student who has a delinquent or outstanding debt (library fines, charges for lost or damaged books, unpaid fees for uniforms, unresolved accounts for fundraisers, etc.) will not be allowed to participate in any extracurricular or fundraising event sponsored by the school. Such activities may include, but are not limited to, sporting events, prom/dances, and some field trips. Seniors with outstanding debt will not be denied their diploma; however, they may not participate in the graduation ceremony. Any student attending an extracurricular activity while on the debt list will be subject to disciplinary action.

Payment of debts should be made to the school bookkeeper. Debts incurred in the preceding school year are carried over to the current year.

Schedule of Student Fees

- A school's request for donations for Cultural Arts programs will be considered optional.
- A fee waiver may be requested for economically disadvantaged student/families. Please contact the student's guidance counselor for information.

Meal Charges

Meal charge policy for students with insufficient funds for school meals and delinquent accounts in the school nutrition program.

The National School Lunch and School Breakfast Programs are integral in ensuring that students have access to nutritious meals to support their academic success. It is also imperative to protect the financial stability of the school nutrition program.

The intent of this policy is to establish a process and procedure to handle situations when children eligible for reduced-price or full-price meal benefits have insufficient funds to pay for school meals; as well as for the collection of unpaid meal charges and delinquent account debt.

Students who have money to pay for a reduced-price or full price meal at the time of service must be provided a meal. If the student intended to use the money for that day's meal, the School Foodservice Authority (SFA) will not use the money to repay a negative balance or other unpaid meal charge debt. Student are allowed to charge up to \$20 for full priced students and \$5 for reduced students. After that they will receive a choice of a sandwich and a milk until they bring in money or their bill is paid. Students will not be allowed to purchase or charge a-la-carte items if there is a negative account balance. This includes milk and ice cream.

The SFA will notify households of low or negative balances. This will be done by email, phone calls and text messages. The student's household will be notified daily about their negative balance and weekly if their student's account drops below the \$10 threshold.

All debt must be paid by the end of the year. Efforts to collect delinquent and/or bad debt will be handled by:

1. text, phone calls and emails
2. 1st letter
3. 2nd letter
4. Notification/Notice of Adverse Action
5. Collection Agency

ASSISTANCE TO HOUSEHOLDS

Households with questions or needing assistance may contact the school office where their student attends or the School Nutrition Program office at: (540) 483-5138, 25 Bernard Rd. Rocky Mount VA 24151

COLLECTION PROCEDURES FOR DELINQUENT AND BAD DEBT-ADVERSE ACTION

When a household has not responded to multiple contacts that are listed above and the parent has not paid the delinquent account balance, collection procedures may be initiated. Households will receive a Notification/Notice of Adverse Action stating collection procedures have begun.

STANDARDS OF STUDENT CONDUCT

It is the belief of the Franklin County School Board that all students have the right to an environment that is safe, drug-free, and conducive to learning. To that end, the student conduct policy sets forth standards for student conduct.

Students are subject to corrective action for any misconduct that occurs

- in school or on school property;
- on a school vehicle;

 1. an adjudication of delinquency pursuant to Virginia Code §16.1-305.1 or a conviction for an offense listed in Virginia Code §16.1-260, or
 2. a charge that would be a felony if committed by an adult.

In determining corrective action, consideration will be given to the following factors:

- the nature and seriousness of the conduct;
- the degree of danger to the school community;
- the student's disciplinary history, including seriousness and number of previous infractions;
- the appropriateness and availability of an alternative education placement or program;
- the student's age and grade level;
- the student's attendance and academic records, and
- other appropriate matters.

The following corrective actions are among those available to the school administration for violation of the Student Code of Conduct. FRANKLIN COUNTY PUBLIC SCHOOLS ATTENDANCE AND TARDINESS GUIDELINES AGREEMENT FOR STUDENTS AND PARENTS

ATTENDANCE AND TARDINESS

All students are expected to attend school regularly and to be on time for classes in order to benefit maximally from the instructional program and to develop habits of punctuality, self-discipline, and responsibility. There is a direct relationship between poor attendance and class failure. Students who have good attendance generally achieve higher grades, enjoy school more, and are much more employable after leaving high school.

RELIGIOUS HOLIDAYS

Students shall be excused for the observance of traditional religious holidays. The parent is responsible for notifying the child's school of the religious holiday(s) to be observed, and should prearrange absences. Notes from parents shall specify:

1. the date(s) of the absence(s);
2. the name of the religious holiday; and
3. a statement that the absence is due to the exercise of the student's bona fide religious beliefs.

If the parent is unable to prearrange the absence, a request for exemption must be received no later than the second (2nd) day after the student's return to school from the absence occasioned by the religious observance. Students are responsible for contacting teachers for missed work within three (3) days of absence(s).

SCHOOL PROCEDURES

1. Student absences will be recorded on a daily basis in each class.
2. A written note along with the official documentation shown in Table 1 (below) should be sent to school no later than the third (3rd) day after the student's return to school from absence.
 - a. For elementary students, the note should be sent by the parent or guardian to the teacher, office or appropriate school personnel whenever a student is absent or tardy.
 - b. For middle school students, the note should be sent by the parent or guardian to the student's guidance counselor whenever a student is absent or tardy.

<p><i>Any evidence that the reason offered for an absence is untruthful or misleading renders the absence unexcused. Disciplinary action will be taken.</i></p>	

3. Franklin County Public Schools will accept in each semester (i.e., two nine (9) week grading periods) up to five (5) days of medical absences that are justified by a parent note. After the fifth absence, official documentation will be required (see Table 1).
4. Attendance in school for the full number of hours each day is expected and required by the Code of Virginia. Because of this requirement,
 - a. for K-8 students, five (5) unexcused tardies and/or early check-outs will be equivalent to one (1) unexcused absence. Parents/guardians should provide the same documentation as listed in Table 1 in order for the tardy/early check-out to be considered excused.
 - b. for grades 9-12, three (3) unexcused early check-outs in the same class will be equivalent to one (1) unexcused absence. Parents/guardians should provide the same documentation as listed in Table 1 in order for the early check-out to be considered excused.
 - c. In addition to the requirements of the Compulsory School Attendance law, K-8 students who accumulate more than twenty (20) excused or unexcused absences may be retained or be required to attend summer school. Discipline, grades, completion of make-up work, and extenuating circumstances will be considered when reviewing such cases.
5. Students who are absent from school may not participate in any extracurricular activities of the school which occur on that same day without written permission of the administration. An elementary student must be present for fifty percent (50%) of the school day, and a secondary student must attend a minimum of two (2) classes in order to be counted present for the day and eligible to participate in any extracurricular activities.
6. Absences from classes due to school sponsored activities (e.g., field trips and athletics) are excused since students are considered present in school when participating in these activities. Classes missed due to high school exam exemptions are also excused.
7. In the case of short-term suspensions (1-10 days), fifty percent (50%) of the days will be counted as unexcused as applied to the attendance policy.
8. Absences without official documentation (Table 1) are considered unexcused. After five (5) unexcused absences, a school social worker, administrator, or counselor will begin the Compulsory School Attendance procedure, which may include the parent and student meeting with school personnel to develop and sign an attendance contract, or meeting with the Franklin County Truancy Multidisciplinary Team pursuant to VAC 22.1-258. In severe cases or cases with a history of attendance concerns and interventions, charges may be pursued against the parent in accordance with VAC 22.1-258.
9. FCHS students who accumulate more than ten (10) absences (excused or unexcused) through the course of the semester must file for a waiver with the principal in order to retain credit for the course. Prior to submitting the waiver application, the student must have completed all make-up work. Discipline, attendance documentation, grades and extenuating circumstances will be considered for credit retention.

If the waiver is denied, the student may appeal to the Attendance Review Board. The Attendance Review Board will consist of the student's guidance counselor, a principal, school

social worker, central office representative, and a school board member. The Attendance Review Board will examine the student's absentee record and documentation submitted in accordance with this regulation and will then notify the student and parent/guardian by mail as to the student's credit status for the class(es) in question. The decision of the Attendance Review Board shall be final.

10. In order to keep parents informed of absences and the Compulsory School Attendance law, the attendance office will notify the parent or guardian throughout the school year when the student has accumulated five (5) days of excused or unexcused absences in a nine (9) week grading period.

PERFECT ATTENDANCE AWARDS

1. Elementary students must be present for at least fifty percent (50%) of the instructional day (as defined by the school's arrival and dismissal bell schedule) in order to be counted present for that day and thus eligible for perfect attendance recognition. Students who are tardy or have early dismissal for more than five (5) days cannot be considered for perfect attendance recognition.
2. Middle school students must be present for fifty percent (50%) of the instructional day in order to be counted present for that day and thus eligible for perfect attendance. Students in 8th grade must be present two (2) periods and students in grades 6/7 must be present three (3) periods. Students who are tardy or have early dismissal for more than five (5) days cannot be considered for perfect attendance recognition.
3. High school students are eligible for a perfect attendance award in their senior year when the following criteria are met:
 - a. The student did not accumulate more than a total of three (3) period absences over the course of their four (4) years at Franklin County High School.
 - b. Franklin County High School does not generate a list of students qualified for perfect attendance recognition; it is the student's responsibility to complete and submit the application in order to be considered for perfect attendance recognition.

TARDY TO SCHOOL

Any student who reports to school after the bell to begin school will be considered tardy and will be admitted on an excused or unexcused basis. Students who are late because of late buses or other school actions will be given admission slips and counted present. Other excused tardies are:

- Required court appearance with documentation
- Medical or dental appointments with documentation
- Sudden or traumatic disruptions (fire, flood, serious domestic disputes, etc.) of a student's life style
- Personal illness documented by a note signed by a parent or guardian (five-note limit before a doctor's note will be required)
- A tardy not covered by the above reasons, but considered by the administration to be beyond the control of the student and seen as valid. Appropriate documentation and a conference may be required.

Oversleeping, riding with another student, and automobile problems are unexcused tardies. Students who drive to school must accept the responsibilities of being on time, or they will be subject to losing their parking permits.

ADDITIONAL NOTES

This regulation will not affect existing disciplinary procedures. Any student who cuts a class or skips school will still be disciplined in accordance with disciplinary policies.

It is important that students and parents realize and understand that the tolerance of ten (10) days per semester is not to be considered as legitimate or approved days to miss class, but rather they should be used only if necessary and as indicated by this regulation.

Except going to and from classes, students are not to leave campus during the day without permission. Students who have permission to leave school for necessary appointments, participation in co-op programs and other authorized functions must have proper permission slips or parental written requests approved by the administration and must sign out in the office.

NOTICE FOR DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Franklin County Public Schools, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Franklin County Public Schools may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Franklin County Public Schools to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories - names, addresses and telephone listings - unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.⁽¹⁾

If you do not want Franklin County Public Schools to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing by September 15 of the school year at 25 Bernard Road, Rocky Mount, VA 24151. Franklin County Public Schools has designated the following information as directory information:

- Student's name
- Participation in officially recognized activities and sports
- Address
- Telephone listing
- Weight and height of members of extracurricular teams
- Electronic mail address
- Photograph
- Degrees, honors, and awards received
- Date and place of birth
- Major field of study
- Dates of attendance
- Grade level
- The most recent educational agency or institution attended

¹ These laws are: Section 9528 of the ESEA (20 U.S.C. 7908), as amended by the No Child Left Behind Act of 2001 (P.L. 107-110), the education bill, and 10 U.S.C. 503, as amended by section 544, the National Defense Authorization Act for Fiscal Year 2002 (P.L. 107-107), the legislation that provides funding for the Nation's armed forces.

NOTIFICATION OF RIGHTS UNDER FERPA FOR ELEMENTARY AND SECONDARY SCHOOLS

Model Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the school receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records which the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask the school to amend a record should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records (such as an attorney, auditor, medical consultant, or therapist), a parent or student volunteering to serve on an official committee (such as a disciplinary or grievance committee), or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school division to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

 8. Income, other than as required by law to determine program eligibility.
- *Receive notice and an opportunity to opt a student out of –*
 1. Any other protected information survey, regardless of funding;
 2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
 3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.
- *Inspect*, upon request and before administration or use –
 1. Protected information surveys of students;
 2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
 3. Instructional material used as part of the educational curriculum.

These rights transfer to from the parents to a student who is 18 years old or an emancipated minor under State law.

Franklin County Public Schools will update policies, allowing for consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. Franklin County Public Schools will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. Franklin County Public Schools will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. Franklin County Public Schools will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and will be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this requirement:

- Collection, disclosure, or use of personal information for marketing, sales or other distribution
- Administration of any protected information survey not funded in whole or in part by ED

Federal law requires the school division to provide you this information in a timely manner if you request it. Specifically, you have the right to request the following information about each of your child's classroom teachers:

- Whether the teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- Whether the teacher is teaching under emergency or other provisional status because of special circumstances.

SCHOOL HOURS

SCHOOL HOURS 8:05 (8:25 tardy bell) to 3:10

Our school opens to students at 8:05 am each morning. For their safety and to ensure that they are properly supervised, students are not to be dropped off at school before 8:05 am unless they are enrolled in the YMCA Before/After school program.

Instruction begins at 8:25 am. Students arriving at school after 8:25 am are considered tardy. After 8:25 am, parents must come into the office to sign in their child(ren).

Student instruction ends at 3:05 pm. Students will not be called from the classroom prior to 3:05 pm, except for an emergency or doctor's appointment and this will be considered a "check out". Beginning at 3:05 each day, teachers bring students to the cafeteria for car riders and to load buses. Buses leave the school at approximately 3:15 pm and all car riders are to be off campus by 3:25 pm.

EARLY DISMISSAL FROM SCHOOL

Please note that there are some predetermined early dismissal days in the school calendar; however other days when school may be dismissed early due to inclement weather conditions or any other emergency. On early dismissal days students will follow regularly-scheduled bus routes or through the car rider line unless otherwise prearranged.

Note: The YMCA after school program is available after school on days of early dismissal EXCEPT on inclement weather days and when school is dismissed unexpectedly. Be sure the school knows how the child is to get home in the event this happens. This information will be collected by the teacher on Business Day. Please update the school for any changes.

It is very important that students know what they are to do on early dismissal days to keep them from becoming worried and upset. It is important to notify the office when there is a change in a child's emergency destination.

TRANSPORTATION CHANGES

Every child will be sent home on his/her bus or through the car rider line unless a parent notifies the **office** PRIOR TO 2:30pm. Parents can send in a note with other instructions including the 911 address of where he/she will be transported or may call the office before 2:30pm. All car riders must be picked up no later than 3:25 pm unless enrolled in the YMCA Before/After school program. Please call the office directly at 540-334-4000 for transportation changes. Do not send emails or Class Dojo messages to teachers as they may not receive this information in a timely manner.

Students may not leave the school grounds unless accompanied by their parents or another adult who has been granted written permission from the parent or is authorized to pick up the child as completed by parents using PowerSchool Registration. Students must be signed out in the office and adults must provide identification in the office.

Requests for students to ride home on a bus that differs from their assigned bus will be granted on an individual basis. These requests may be denied based on the number of students assigned to the bus and seats available. It is best to contact the office in advance to check the status of these bus requests.

PARKING, PICKING UP AND DROPPING OFF STUDENTS

For the safety of our children, please use the visitor parking area to the side of the building. The circle area in front of our school is reserved for bus loading and unloading. Children are not permitted to walk through the parking lot without adult supervision. Please walk your child in the crosswalk area and follow all staff instructions.

It is important for everyone entering the lot to follow the traffic pattern and the following procedures:

Morning Car Rider Procedures:

1. The parking lot should be entered and exited according to the arrows. To avoid accidents, please do not pass or back up. Buses entering the bus circle always have the right-of-way.
2. For the safety of our children, we are asking that all passengers exit and enter on the right side of the car when instructed by school staff. This procedure prevents children from walking between vehicles at all times.
3. Students are to be let off at the areas marked for Drop-off and instructed to walk to the side door of the cafeteria. Vehicles are not to pass in this area.
4. For safety and supervision purposes, students should not be dropped off prior to 8:05 am. The YMCA Before and After School Program is available for parents who need supervision for children prior to the beginning of each school day. (Please call the YMCA at 489-9622 for more information regarding this program)

Afternoon Car Rider Procedures:

1. The parking lot should be entered and exited according to the arrows.
2. Students are brought to the cafeteria at 3:10pm. Please DO NOT enter the lobby or hallway and take child(ren) from the line as school personnel must deliver the students to the departure area.
3. Your child will come out to you when your car is in one of the designated loading spaces.
4. Please move forward when signaled by school personnel.
5. If a parent/guardian needs to pick up a student without using the car rider line, the parent/guardian must park in the lower parking lot and sign the student out in the office.
6. All students participating in the YMCA Before and After School Program must be signed out through YMCA personnel.

There should be no cell phone use by the drivers when the car rider line is in progress. Our campus is tobacco free. No tobacco products, including electronic and vaping devices, are to be used on school property.

Crossing:

Crosswalk: For the safety of our families, a crosswalk has been established in the side parking lot. Please recognize that if you choose to park in the side parking lot, you must walk with every child using the crosswalk. Students are not permitted to walk unassisted. Pedestrians using the crosswalk always have the right-of-way and staff are available during drop off and pick up lines to assist the adult pedestrians with their children.

Please discuss the following with your children:

- WALK, do not run in the parking lot
- Stay with adult(s) when walking from the parking lot into the building
- Use crosswalk when walking from parked car into the building with an adult and from the building to the parked car with an adult

Your attention, patience, and cooperation with this plan are crucial for the safety of our children, families, and school personnel. Please share this plan with anyone transporting your child.

SCHOOL CLOSINGS

In most cases, the superintendent/designee will announce by 7:00 am if schools will be closed for the day due to inclement weather.

Parents and Guardians can take advantage of our text messaging service. Our school utilizes the School Messenger system to deliver text messages, straight to your mobile phone with important information about events, school closings, safety alerts and more. HOMEWORK

Required homework will be limited to 20 minutes per day of daily reading outside of the school day, however shared learning activities with parents and students is strongly encouraged. These activities are not graded, but rather an opportunity for additional practice and for parents and families to engage in their students' learning. Students should be provided access to extension materials and activities through various online resources provided by the teacher. Please contact your child's teacher about any questions you might have regarding your child's learning.

MAKE-UP WORK

If a student is absent only one or two days, it is recommended that the parent contact the teacher directly to plan for any make-up work when the child is able to return to school. The student will be given a specified time to make the work up at school or allowed to take it home, depending on the type of work involved.

In cases of longer absences, parents wishing to secure make-up work should call the school before noon to allow the teacher time to collect and prepare the needed materials within 48 hours. The work can then be picked up between 3:10 p.m. and 4:00 p.m. in the main office or it will be delivered electronically to the student.

SCHOOL SECURITY & SAFETY

All exterior doors are locked throughout the school day. Visitors must enter through the main entrance located at the rear of the building. Visitors will need to ring the intercom/doorbell and provide their name, the purpose of the visit and your student's name before gaining entrance. Our school security and safety procedures require all parents and visitors to sign in at the office and get a Visitor Pass before entering the instructional halls at any time. Be prepared to present a driver's license or other photo ID when checking out a student.

To protect our valuable instructional time with our students, visitors are not to go to classrooms during instructional hours, 8:25am – 3:10 pm, unless the visit has been pre-arranged with the teacher. Please contact the classroom teacher or office to schedule a time to have a conference either in person or by phone.

Each school in Franklin County Public school is also assigned a full time School Resource Officer by Franklin County Sheriff's Department.

CONTACT INFORMATION

It is essential that a student's contact information is correct and current. Please notify the school immediately of changes in telephone numbers, 911 address, emergency contacts, child-care arrangements, etc.

EMERGENCY PLAN

Each school has an emergency plan for employees to follow in numerous situations. As part of this emergency plan evacuation destinations have been established for each school. If it would ever be necessary to evacuate the school, multiple forms of communication will be used to notify parents of the procedures for picking up their student(s).

SAFETY DRILLS

Fire Drills

Fire drills are required by law and are held during the school year in accordance with State Law 22.1-137. Fire drills are conducted every week during the first month of school and once per month thereafter. The signal to evacuate the building will be the sounding of the fire alarms along with the flashing light signal at each fire alarm station. Students and staff will exit the building as quickly and quietly as possible, according to the posted emergency exit route in each room or area.

In the event of a bomb threat, fire emergency procedures will be followed.

Tornado Drills

Tornado drills will be held in the fall and spring. A continuous siren over the building intercom system as well as a school radio announcement will signal the warning. Students and staff will move to their designated areas, as posted, and stay by the wall with hands covering their heads.

Crisis Plan

Our district and building has a Crisis Plan that will go into effect immediately in the event of a crisis. Students with a disability will be taken to a safe area by their assigned teacher, paraprofessional or aide during any type of emergency.

PLAYGROUND SAFETY

Gym Shoes and clothing - Students are expected to wear sneaker-type shoes and appropriate clothing for gym class and for play on the playground/track daily, weather permitting. Many shoes that are worn to school are not appropriate for playground activities such as climbing on the equipment. Your child will not be allowed to get on the equipment, the track or play in the gym without sneaker-type shoes. Please help us with this for the safety of your child. Your child may want to bring sneaker-type shoes or leave a pair of sneakers here for this purpose. Contact your child's teacher or the Principal if you have questions or concerns with this very important issue.

PARENT INVOLVEMENT

PARENT-TEACHER CONFERENCES

Because we value our strong school/parent partnership, parents and/or teachers may request a conference at any time. Conferences are typically held before and after school hours or virtually during the teacher's planning period. Please contact your child's teacher if you wish to schedule a conference.

PTO

Boones Mill School is grateful for its excellent Parent Teacher Organization (PTO). PTO members help our teachers and students enhance the quality of instruction and strengthen our school-community relations. Parents are encouraged to join our PTO and be an active member. The PTO supports the school through after school activities, fiduciary funds for established goals and allows parents to volunteer during non-school hours. See Page 53 of this manual for a listing of PTO officers and contact information.

VOLUNTEER PROGRAM

The school volunteer program is a function of the Franklin County School Volunteer Program. The volunteer program supports teachers at school through one on one involvement and is often done during school hours. Interested persons are encouraged to call the school (334-4000) or the School Board Office (483-5138) to find out more about the program.

HEALTH SERVICES

VISION AND HEARING

All students are screened for possible vision problems. In addition all kindergarten and newly enrolled students are also screened for hearing problems. If problems are suspected, parents will be notified.

SPECIAL CONCERNS

Parents are requested to report to the school if a student has a special health problem. Information should be noted when registering and updated with the school nurse as needed.

IMMUNIZATIONS

State law requires certain immunizations. Medically validated records of such immunizations must be on file for all students.

ILLNESS OR INJURIES AT SCHOOL

When students become sick at school, they are taken to the school nurse or the office to have their condition checked. If the child's condition warrants it, parents or guardians will be called to pick up the child. The school must be provided with telephone numbers where parents/guardians, or some other designated relative or friend, can be reached in case of an emergency. In case of serious illness or injury, we will call parents *and* the rescue squad. It is imperative that we have current information regarding emergency contacts.

For the health and well-being of all members of our school community, students should not attend school if he/she has a communicable disease, a rash, a high temperature or has been vomiting or suffering from diarrhea during the night.

Fever Free Statement

If your child has taken fever reducing medicines, it is recommended he/she not return to school unless he/she has been fever free for 24 hours. If a student comes to school with a fever, this behavior puts others at risk of catching the virus. If your child is running a fever, we will contact you to arrange to pick him/her up, as no child will ride the bus with a fever. If students are sent home with a fever, they may return to school after they have been fever free for 24 hours without medicine.

MEDICATION POLICY

WE ARE NOT PERMITTED TO DISPENSE ANY NON-PRESCRIPTION MEDICATION WITHOUT A DOCTOR'S ORDER. This includes any over the counter medication or topical creams.

SUNSCREEN: Students are allowed to self-carry and apply FDA approved sunscreen products in its original packaging on the school bus, on school property, or during school events.

Whenever possible, any necessary medication should be given at home before or after school. However, if it is necessary for your child to take medication at school, this procedure must be followed:

- A School Medication Form must be completed and signed by the physician and parent. This form must be completed and signed by the child's physician and the parent/guardian and returned to the school nurse before any medication can be dispensed. On this form, the child's physician must write the following:
 - Name of medication
 - Exact dosage to be given (i.e. Two 10mg. Tablets)
 - Exact time dosage is to be given.
 - Reason child is to take medication at school.
 - If more than one medication is prescribed, state clearly the order in which they should be given.
 - Clear, simple, lay terminology should be used (not medical abbreviations).
 - "Repeat as necessary" is unacceptable. If the medication needs to be repeated, the exact conditions for this repeat dose must be specified.
- The medication must be in the original over the counter or prescription bottle with the drugstore label attached.
- Children are never to bring medication to school. The medication must be brought to school by the parent/guardian.

No school employee or public health nurse shall proceed with the administration of any medicine or treatment until and unless the employee or nurse determines that all written clearances have been reviewed and are on file in the school administration office.

The School Medication Form can be obtained from the school nurse.

Family Life Education

In response to the Code of Virginia, instruction in Franklin County Public Schools (FCPS) includes a comprehensive, sequential Family Life Education (FLE) program for kindergarten through high school. The FLE program is designed to provide students with the knowledge and skills to make informed, responsible decisions related to growth and development; communication and relationships; and emotional and social health.

CONDUCT AND DISCIPLINE

CHARACTER EDUCATION

Our school will have a character education program (as required by the code of Virginia 222.1-208.01) that stresses the following traits:

- Trustworthiness
- Respect
- Fairness
- Caring
- Citizenship
- Responsibility

The Getting Along Together (GAT) program is integrated into our school curriculum and is supported by faculty and staff. Parents are encouraged to participate in the program by reinforcing the traits at home and to discuss the weekly communication sent home regarding topics discussed at school. The purpose of GAT is to help with the social and emotional development of students, to teach skills on emotional regulation and social skills for peaceful conflict resolution.

The primary goal of any disciplinary policy concerning elementary schools is to provide a safe and orderly learning environment for the students. Therefore, the Franklin County School Board has established regulations to guide student conduct and promote the social, emotional and academic growth of each child. (See the Standards of Conduct section in this handbook for a complete explanation of these regulations.) Students who respect themselves, respect others and respect our school, as called for in the Boones Mill School Pledge, will typically meet the expectations of these Standards.

OUR SCHOOL RULES

1. Put forth our best effort each day;
2. Be kind to others with words and actions;
3. Use Active Listening when others are speaking;
4. Be respectful of our school property and school building;
5. Obey each rule listed in the Standards of Conduct Section in the student handbook;
6. Follow all directions given by school staff.

Specific School Rules

- A. Students are not to bring items to school to trade or sell.
- B. Live animals are not allowed at school except for pre-arranged special events.

subject to monitoring by the Technology Services staff and will not be used or turned on during the school day without approval from the administration.

COUNSELING, FAMILY LIAISON AND COMMUNITY PARTNERSHIPS

SCHOOL COUNSELOR

The school employs a full time school counselor to serve the needs of the students and families. The primary function is to serve as a team member who is professionally trained, through the use of counseling process and classroom instruction, to help students understand their potential as they relate to present and future opportunities. Counselors empower students to access their right to make choices through decision making skills and acceptance of responsibility. Counselors establish meaningful relationships with students, teachers/staff, individual parents, parent groups and outside agencies which provide related services. The counselor can also lead small intervention groups with students with parent permission and can assist families in referrals to outside agencies for direct services.

Students can request the services of the school counselor directly through a verbal or written request or through an online form requesting to talk to the counselor. Parents can contact the school counselor directly as well by email or phone.

FAMILY LIAISON

The school employs a full time family liaison to serve as a liaison between the school and students with their families to assist in resolving student issues that interfere with learning. Their services may include, but are not limited to building a collaborative working relationship between school personnel and the family, providing individual counseling with the student at school, provide consultation for the family to address concerns, collaboratively set goals for the student in the home and/or school setting and connect families with any needed outside community resources.

COMMUNITY PARTNERSHIPS

The school has also established community partnerships with Piedmont Community Services to provide case management and out-patient counseling services to students within the school building through a memorandum of understanding with Franklin County Public Schools. Youth Connect also provides Therapeutic Day Treatment services within the school. Any parents that are interested in their student receiving outside services should contact the school counselor, family liaison or school social worker for referral information.

SCHOOL INFORMATION

MOMENT OF SILENCE

The Moment of Silence is observed each morning during the morning announcements. During the recent legislative session, 22.1-203 of the Code of Virginia was amended to require a minute of silence at the opening of each school day. During such one-minute period of silence, the teacher responsible for each classroom shall take care that all pupils remain seated and silent and make no distracting display to the end that each pupil may, in the exercise of his or her individual choice, meditate, pray, or engage in any other silent activity which does not interfere with, distract, or impede other pupils in the like exercise of individual choice.

TELEPHONE

The telephone in the main office may be used by students only in cases of sickness or other emergencies. Permission to use the telephone must be obtained from the child's teacher and a member of the office staff. Students should request to use the office phone to contact their parents as personal cell phone use is not permitting during instructional times.

PERSONAL PROPERTY

All students' outerwear garments such as coats, sweaters and hats should be labeled with their first and last names so that lost items can be returned to the rightful owners. A lost and found is located in the office area for students or parents to look for missing items. Periodically throughout the year unclaimed items will be discarded or donated to charity.

FIELD TRIPS

Field trips are planned as extensions of the educational program and the rules governing student conduct are in effect at all times. Parents/guardians must sign the permission slip before a student can participate in school sponsored trips. Parents may be asked to chaperone such trips to help the school staff maintain order and ensure safety. Only students in the class can go on a trip - no siblings in other grades or younger siblings are allowed. If a family has a hardship for payment of fees for the field trip, please contact the family liaison or school counselor for scholarship availability.

The number of chaperones varies with the requirement of the trip. Due to space availability, all parents may not be able to attend every trip.

A Chaperone Guideline form is included at the end of this handbook. All chaperones must sign this form prior to going on any field trips. Some trips may require chaperones to complete training and submit to background checks including DSS and criminal history checks. These can be completed at designated times at the central office or through school organized training.

PHYSICAL EDUCATION/GYMNASIUM

All students are expected to take Physical Education. They may be excused because of illness or injury only if a note is brought from home or physician. If excuses become excessive a note from a physician will be required.

Tennis shoes are required when activities take place in the gymnasium and on outside equipment. Parents may elect to keep gym shoes at school if children do not wear them regularly. Tennis shoes are to be worn for outside play as a safety measure.

CAFETERIA

The cafeteria operates under federal, state and division regulations and guidelines. A balanced breakfast and lunch are served daily. Menus are available through the school and division website monthly and are announced on the morning announcements.

For 2023-2024, all enrolled students of FCPS are eligible to receive a healthy breakfast and lunch at school at no charge to your household each day of this school year. There is no further action required. Students will be able to participate in these meal programs without having to pay a fee or submit an application.

Milk alone or single items (a la carte) is not included in the free program if the student packs from home. Students must obtain a full lunch, or pay full price for milk or individual items they would like to purchase. Water cups and a fountain are available for all students in the cafeteria free of charge.

A la cart or extra items can be purchased daily, week or month with cash or a check made out to Boones Mill Elementary School or by using the mySchoolBucks account through the FCPS website. To prevent money from getting lost or misplaced, students should bring their money in a sealed envelope clearly marked with their name, Student I.D. number, and the amount and the purpose of the payment.

When school is on a two-hour delay, a cold breakfast will be offered at school.

OUTSIDE FOOD POLICY:

Foods that compete with cafeteria business are not allowed in the school during business hours. This refers to food from local restaurants such as McDonald's, Bojangles, Subway, Dairy Queen, etc. We are a self supporting business and appreciate every visitor's support by abiding by this rule.

For class parties or other events for which parents may supply food, that food may be ONLY prepackaged, store-bought food. NO HOMEMADE FOODS ARE TO BE DISTRIBUTED UNDER ANY CIRCUMSTANCES. The package's nutritional information label must be submitted with the food item to the office for inspection by the school nurse prior to distribution to the students.

All students must remain quiet in the lunch line unless they are speaking to a cafeteria employee. To serve the students in a timely manner, all students must have their choices made and be prepared to tell the cafeteria employees what those choices are as they come down the food service line. Students are responsible for picking up their drink, silverware, napkin and condiments as they come through the line.

CELEBRATING STUDENT ACHIEVEMENT

The Boones Mill School community is committed to recognizing and celebrating the efforts and achievement of the students.

We celebrate student growth throughout the school year. We support a growth mindset where we believe that all abilities can be developed through dedication and hard work.

At the end of the school year, there will be an awards celebration held in the student's homeroom to recognize students for individual achievements such as Perfect Attendance, BUG awards (bringing up Grades), Principal's List, A/B Honor Roll, Good Citizen Award, and Presidential Academic Fitness Awards. Additional awards can be awarded as determined by classroom teachers and grade levels.

Perfect Attendance - Students who are present for the entire instructional day every day of the school year are recognized with a perfect attendance certificate. In order to qualify for this award, students must be present for 1/2 day to be counted as present for purposes of perfect attendance. Students with 5 total check in/out's will be marked as a day absence for attendance policy requirements and will not be considered for perfect attendance. The late check-in and early check-out policy is not time dependent. These criteria will exist from the time of the beginning of the day bell to the end of the day bell.

The division's honor roll policy is as follows:

- The Principal's List consists of 4th and 5th graders with A's in all graded subjects.
- The Honor Roll consists of 4th and 5th grade students who have an A/B average in the same subjects.
- Students who are on the Honor Roll or Principal's List all four marking periods will be honored at the classroom awards program at the end of the year.

ACADEMIC GRADES AND TESTS

REPORT CARDS/HONOR ROLLS

Report cards are issued at the end of each nine week period via email. Please ensure that the school has an up to date email address or notify the teacher if you cannot access an electronic report card. Teachers may write comments which may be helpful in informing parents of exceptional needs, problems, interests or talents that they have observed. Conferences with the teacher can be requested and are encouraged.

TESTING PROGRAM

Franklin County participates in various standardized testing programs throughout the school year. Test results are used to determine individual, group, or school division's progress, and plan instruction. Grade levels designated for standardized testing may vary from year to year based on school division priorities, funds, and State Department of Education mandates. Questions about the elementary testing program may be directed to the principal or guidance counselor. Franklin County Public Schools administer the following standardized tests:

Kindergarten Screening

Helps determine how ready a child is for kindergarten instruction.

VLP (Virginia Literacy Partnership formerly PALS) Grades PK -3

Students in these grades will be given phonological and pre-reading tests in the fall, winter and spring to assess his/her reading level.

VKRP - Virginia Kindergarten Readiness Program - Grades PreK-K

These tests are measures of mathematics, self-regulation and social skills in Pre- Kindergarten to complement the VLP assessment of literacy skills.

Exact Path Diagnostic Testing - These are online tests that adjust to the child's level. As the student correctly answers questions, the test will adjust to accurately reflect the student's strengths and weaknesses in reading and mathematics. Diagnostic tests are typically given in the Fall and Spring.

Virginia Growth Assessments - Grades 3 - 5

During the 2023-2024 school year, state assessments in reading and math will occur three times during the year: fall, mid-year and spring. The spring growth assessments will be the regularly occurring Standards of Learning tests.

SOL (Standards of Learning) Test - Grades 3, 4 ,5

The State of Virginia requires that all students take Standards of Learning tests in the above-mentioned grades in areas of Reading and Math Grades 3 through 5 with additional tests in Virginia Studies in Grade 4 and Science in Grade 5.

Any student who does not pass the Standards of Learning tests with a score of 400 or better on these tests will be required to participate in a remediation program which may include summer school or interventions the following school year.

All students enrolled in Virginia public schools are expected to take the applicable state tests. The Virginia Board of Education Regulations Establishing Standards for Accrediting Public Schools in Virginia state:

“In kindergarten through eighth grade, where the administration of Virginia assessment program tests are required by the Board of Education, each student shall be expected to take the tests” and “each student in middle and secondary schools shall take all applicable end-of-course SOL tests following course instruction” (8VAC20-131-30).

The Virginia regulations do not provide for what is sometimes referred to as an “opt out policy” for students regarding the Virginia assessments. If parents refuse to have their student participate in one or more of the required Virginia assessments, they should be aware that their student’s state assessment score report will reflect a score of “0” for any test that is refused.

GUIDELINES FOR CHAPERONES

1. Arrangements for chaperones going on the trip should be made with the teacher prior to the trip.
2. Some trips require chaperones to pay admission fees. The teacher will notify you of any charges in advance.

Any felony conviction, especially an offense against a minor, may disqualify the volunteer/parent from participation in the event.

Anti-Bullying Pledge

We, the students of Boones Mill Elementary School, agree to join together to stamp out bullying at our school.

We believe that everybody should enjoy our school equally, and feel safe, secure and accepted regardless of color, race, gender, popularity, athletic ability, intelligence, religion and nationality.

Bullying can be pushing, shoving, hitting, and spitting, as well as name calling, picking on, making fun of, laughing at, and excluding someone. Bullying causes pain and stress to victims and is never justified or excusable as "kids being kids," "just teasing" or any other rationalization. The victim is never responsible for being a target of bullying.

By signing this pledge, we the students agree to:

1. Value student differences and treat others with respect.
2. Not become involved in bullying incidents or be a bully.
3. Be aware of the school's policies and support system with regard to bullying.
4. Report honestly and immediately ALL incidents of bullying to a faculty member.
5. Be alert in places around the school where there is less adult supervision such as bathrooms and standing in line going to and from different locations.
6. Support students who have been or are subjected to bullying.
7. Talk to teachers and parents about concerns and issues regarding bullying.
8. Work with other students and faculty, to help the school deal with bullying effectively. Don't let the bully win. Get help to deal with a bully.
9. Encourage teachers to discuss bullying issues in the classroom.
10. Provide a good role model for younger students and support them if bullying occurs.

I acknowledge that whether I am being a bully or see someone being bullied, if I don't report or stop the bullying, I am just as guilty.

School staff will meet with classes to discuss these principles during the first weeks of school. Please review at home.
