

Franklin County Public Schools

Middle School Family Life Education

Permission Waiver

During this school year, 6th - 8th graders will be taught the Franklin County Public Schools Family Life Curriculum. This curriculum follows state mandated Virginia Department of Education (VDOE) Family Life Standards of Learning Guidelines. Family Life Education will occur during health class and will be taught in sex-separated classrooms.

Virginia state legislation mandates that Family Life Curriculum be implemented and allows the opportunity for parents to opt their child out of the gender-separated Family Life instruction. Students whose parents opted them out will be provided an alternative learning activity during this period of instruction.

If you are not familiar with the Franklin County Public Schools Family Life Curriculum you may get a copy from your child's physical education teacher or view online at: <https://goo.gl/ZJTmkd>

The VDOE Family Life Standards of Learning (SOLs) covered during the unit are located on the back of this sheet. The SOLs may also be found on the VDOE website. Please feel free to contact your child's physical education teacher if you have any questions.

Student's Name: _____ School: _____

- Yes, I want my child to participate in the FCPS Middle School Family Life Education.
- No, I do not want my child to participate in the FCPS Middle School Family Life Education.
